

The Nuts and Bolts of Reading

Practical Strategies and Activities to Fill your Toolbox (and it will be full)!

August 22-23, 2019

Scottish Rite Charitable Foundation

Learning Centre for Children

No one is born knowing how to read – we all had to learn. For some, that process seems effortless; for others, it's a genuine struggle that can impact self esteem and baffle both parents and educators.

Rooted in the evidence based, Orton Gillingham approach, this workshop will explore how to support these students through components of **structured literacy**. Come learn how to teach students to **decode** words in an **explicit** and **systematic** manner. This approach not only helps students who have been identified with a learning disability, but there is substantial evidence that it is more effective for **all** readers.

Who will benefit from this workshop? Teachers, parents looking for ways to support their children at home, speech language pathologists, psychologists, educational assistants, tutors, and university students pursuing studies in education.

When? Thursday and Friday, August 22-23, from 9:00 AM – 3:00 PM

Where? Learning Centre for Children; 103, 2915 – 21 St. NE, Calgary

What is the cost? Early-bird by April 30, 2019 **\$175**. Post April 30, 2019 **\$195**.
Includes coffee breaks, lunches and materials.
Registration fee is 100% refundable ONLY if the workshop is cancelled.

Questions? Email: info@srcflcc.org Please put "Nuts and Bolts" in the subject line.

SPACE IS LIMITED! Register early to avoid disappointment.

Please return completed registration form & cheque payable to "Scottish Rite Learning Centre"

to: **103, 2915 – 21 St. NE**

Calgary, AB T2E 7T1
